Homicide Victim Found at McCollum Park

In September 2020, the remains of a male homicide victim were found. The unidentified man stood between 5'3" and 5'9" and was likely between the ages of 20-40. Investigators suspect that he was possibly Native American, Asian, Hispanic or mixed race. Anyone that has information that could aid this

investigation is encouraged to contact the Snohomish County Medical Examiner's Office at (425) 438-6200. Please refer to medical exam case number 200927-87. Visit dnasolves.com to learn more about the case and how you can help solve it.
